## Preface

After joining Rajasthan State Seeds Corporation Ltd. at Seed processing Plant Durgapura Jaipur in 1985 under the Plant Incharge Sh Chanchal Chand Khivsara. The work for processing of seed was allotted to me.

In 1989 I was posted at Head office Rajasthan State Seeds Corporation under Dr. S.C. Mathur Dy. Manager Processing. Those days the report of Mathuradas committee was in the news and in which all the corporations, which were in losses, were recommended for closer, the name of my corporation was also there. This pinched me very much that if corporation will close what will I do then? In the Head Office I drew the attention toward the actual costing incurred in the processing and packing. Mrs. Shashi Mathur Financial Advisor and Smt. Reeta Sharma Astd. Manager Finance encouraged me to work on the above matter.

Although I tried my best to work upon to the best of my knowledge, but all the aspects might not have been covered. Though you can get the overall view of the Seed Industry.

Former Managing Directors Shri R.R Metha Shri C.S. Rajan Mrs. Shashi Mathur RAcS (Former Sr Manager Finance RSSCL), Mrs. Reeta Sharma (Former Astd. Manager Finance RSSCL) by the grace of the above official's Blessings I was able to come up with this matter in your hands.

I am heartly thankful to Mrs Malavika Dadlani, Dr Purshottam Chandra IARI New Delhi, Shri N.S. Rathore, Shri B.D. Bhargava (Ex Director RSSCA Jaipur), Shri Mustansir, Regional Manager NSC Jaipur, Dr. P.K. Dadheech. Jt. Director (Botany), Seed Testing Lab Jaipur, Dr. Mahesh Shrimali, Asso. Prof, Dr. Shaitan Singh Shekawat, Dr. S.S. Bareth, Astd. Proffessor ARS Durgapura, Shri Abdul Khan AARO Seed Testing Lab Durgapura, Jaipur.

I am also thankful all the Directors Seed Certification Agencies who sent me the addresses and codes of registered Seed Processing

Plants on my request, all my colleagues and officers who guided me from time to time.

The interpretations drawn are based on my small knowledge. One cannot be the expert though some error might be there as this is my first experience I hope you will ignore but valuable suggestions are always invited.
